

Amravati plant attains full capacity

Amravati: The Amravati thermal power plant has attained full capacity of 1,350MW following commissioning of its fifth unit of 270MW on Thursday.

"We have set a new benchmark by commissioning three units within 39 days at one site," said Col Lokesh Singh, senior vice president of RattanIndia Power Ltd, the company running the plant.

"Unit 3 and unit 4 of the plant had attained Certificate of Distribution (COD) on February 3 and March 8, respectively. The fifth unit attained COD on Thursday," he added.
